

Privacy Policy

At Pintura de barco we value the trust that our customers place with us and take the privacy of your personal information very seriously. You are welcome to browse our website without the need to provide personal information.

If you wish to place an order you will need to register on the site and provide us with certain personal information about yourself including your name, address, e-mail address, telephone number and payment details. We protect the privacy of this information using our highly secure password-protected servers, which are hidden behind our state-of-the-art firewalls. The firewalls provide access control to our network, thereby protecting against unauthenticated logins into machines on our network. In addition, like most other e-commerce websites, our site uses "cookies". These are small files placed in your browser to keep track of your time spent on our site. The text in a cookie, by itself, only tells us that you have visited our site before. A cookie generated by our site contains no information about you and does not gather information from your computer about you. It contains only an alphanumeric ID that, for example, allows you to retrieve your shopping trolley. In this way, the cookie lets you continue shopping where you left off on your last visit, rather than requiring you to start again from scratch.
